

Carefree Mop & Shine

Steps 2 & 3 of your professional floor care system

Convenient floor care

- Protection and maintenance in one
- Mop and bucket application
- Polish and cleaner shiner

Protection and maintenance in one

Carefree Mop & Shine is a polish and maintainer all in one. It's ideal for protecting and improving the appearance of any hardfloor when there is only limited time available for such work. It's versatile formulation of detergent and polymer is guaranteed to save you time and money.

Mop and bucket application

Carefree Mop & Shine is ideal for use in small areas or where machine accessibility is a problem. Suitable to use with a traditional mop and bucket the application is quick and easy with low cost convenience. It's suitable to use on all floor types including sealed lino and sealed wood.

Polish and cleaner shiner

Depending on the dilution Carefree Mop & Shine can be used as your dedicated floor polish or maintainer. Shine can be built to the desired level by varying dilution or applications giving complete control.

Carefree Mop & Shine

Use instructions

One step method: Cleaner Shiner

To build a floor shine to desired level use Carefree Mop & Shine at a 1:10 dilution. Dilute into a 5 litre bucket and using a clean mop apply Carefree Mop & Shine to floor.

Two step method: Polish and Cleaner Shiner

Initially apply Carefree Mop & Shine undiluted to a clean floor using suitable applicator. Allow to dry for approximately 20-30 minutes and if necessary apply a second coat at ninety degrees to the first. To maintain shine and for daily cleaning, damp mop floor with Carefree Mop & Shine at 1:20 to 1:40 dilutions depending upon soilage level and desired finish.

Machine: Dose the product into the full water tank of a single disc machine or scrubber drier, apply the solution, scrub and remove the soiled solution.

Important: Do not use more than a 1% solution on protected floors. Do not use on water sensitive floors, e.g. unsealed wood.

Technical data

Appearance	Milky emulsion	pH diluted	7.0 - 8.0
pH neat	7.5-8.5	S.G	1.02
