

Soft Care® Plus Foam

Foaming Antibacterial Hand Soap

Description

Soft Care Plus Foam is a gentle hand soap, containing antimicrobial agents. The product does not contain perfume, making it suitable for application in the food service areas.

Key properties

- Takes care of hands through its unique blend of soaps and humectants
- Contains lactic acid, ensuring hands become hygienically clean whilst avoiding excessive degreasing and subsequent cracking and dryness
- Appearance has proven appealing to users, encouraging customers and staff to wash their hands whenever it is required
- Does not contain perfume, eliminating the risk of tainting foods and making it suitable for use in food service areas
- Safe and sustainable ingredients
- Skin compatibility tested (Patch test)
- Biodegradable and ethically sourced

Benefits

- Contains lactic acid to ensure hands become hygienically clean after use
- Is mild on hands; can be used for frequent hand washing
- Excellent cleaning performance
- Perfume free (suitable for food service areas)
- Free of triclosan, parabens and polyhexamethylene biguanide hydrochloride (PHMB)

Use instructions

1. Apply this product to pre-wetted hands following the 6 steps process (see wall chart for details).
2. Rinse the hands to remove the entire product.
3. Dry the hands well to keep your skin healthy and maintain good hand hygiene.
Good hand hygiene takes 40-60 seconds.

Soft Care® Plus Foam
