Hand Sanitiser

Our anti-microbial and alcohol free Hand Sanitiser cleans and kills germs and viruses without the need for drying. Delphis Eco Hand Sanitiser has a twin chain Benzalkonium chloride quaternary ammonium based biocide with broad activity spectrum against bacteria, moulds, yeasts, algae and enveloped viruses. It has high tolerance to organic soiling, hard water and anionic residues; good cleaning properties.

Benefits

- ✓ EN1276, EN14476, EN1650 approved
- ✓ Higher bacterial and virus kill rate than most alcohol sanitisers
- ✓ Kills enveloped viruses
- ✓ Contains moisturiser keeping hands soft and supple - doesn't dry out skin like most alcohol products
- ✓ Non-flammable
- ✓ Non-sticky
- ✓ Reduced use of hazardous substances
- ✓ Phosphate and phosphonate free
- ✓ Readily biodegradable
- ✓ Not tested on animals

Application and Directions

Apply a small amount onto hands. Massage into the palm then over front and back of both hands taking care to work well into webs and cuticle area. Ensure both hands are fully treated. Repeat the process on a regular basis.

Proper dosage saves cost and minimises environmental impact:
Delphis Eco encourage users to reduce waste going to land fill by recycling empty bottles.

Areas of Usage

Use to sanitise prior to contact with patients, food, etc:

- Hands
- Forearms

Safe Handling and Storage
